Briefly explain the situation. Please attach copies of any relevant correspondence and/or documents. I am seeking to place a memorial stone at a site

honoring my great granduncle's Confederate service. He died in battle and was probably buried in a mass grave. The VA has denied my request for a marker because I am unable to determine exactly where he was buried. I have already supplied his military record and proven the fact that he died in battle.

I feel that I have met the burden of proof needed for a marker.
